PROJECTS

Beakr - <https://beakr-dpl.herokuapp.com/>

- Collaborated with team members to create an LMS system tailored for Coding Bootcamps
- Developed ability to create quizzes, edit student profiles, and other features
- Worked in an agile environment with weekly sprints, daily stand-ups, and kanban board

Boosted Distribution

- Developed and created a fully functional website for a distribution company
- Designed completely by me with custom CSS and media queries without the use of a CSS framework

EDUCATION

University of Utah

August 2018- Present

- Professional Education - Full-Time Web Development Certificate

Dixie State University

Graduated May 2018

- Graduated with an Associate degree in general studies while taking classes to augment my web development skills

EXPERIENCE

Lyft/Uber - Driver

December 2017 - Present

- Never had below a 5 star rating
- Continually strived to create a pleasant environment for riders

The Spectrum - Lead Event Coordinator

March 2011 - March 2013, April 2015

- Led coordination of the largest consumer exposition in southern Utah
- Led a group of employees in sales for the most successful show the company ever had
- Created and designed advertisements
